Project Name	Online Complaint Registration and Management System
Maximum Marks	4 Marks

Empathy Map Canvas:

What does the user THINK & FEEL?

- Wants complaints to be resolved quickly and fairly.
- Expects personal information to remain secure.
- Hopes for regular updates without repeatedly contacting authorities.
- Worries that complaints may be ignored or delayed.

What does the user HEAR?

- Friends recommend using online complaint portals for faster service.
- Family expects issues to be resolved without repeated follow-ups.
- Authorities encourage citizens to use digital platforms.
- People discuss the importance of transparent complaint tracking.

What does the user SEE?

- Long queues and paperwork in traditional complaint offices.
- Increasing use of digital government services.
- Mobile applications providing instant updates.
- Organizations offering online complaint management systems.

What does the user SAY & DO?

- Registers complaints through the online portal.
- Checks complaint status regularly.
- Expects timely notifications and responses.
- Shares feedback after the complaint is resolved.

Pain

- Delays in complaint resolution.
- No clear information about complaint progress.
- Difficulty contacting the responsible authority.
- Fear that complaints may remain unresolved.

Gain

- Easy online complaint registration.
- Real-time complaint tracking.
- Transparent complaint assignment to agents.
- Faster complaint resolution with timely updates.
- Secure and user-friendly complaint management system.
